

AS 27 IK HD

A medium-size wet/dry vacuum cleaner equipped with a robust stainless steel container, a new metal trolley with 4 pivoting wheels featuring a large diameter (100 mm) to ensure the maximum transportability on every kind of surface. The standard equipment has been developed exclusively for the user: a crevice tool made of a special rubber, which doesn't leave marks (developed to avoid any damage caused by an impact or by stepping on it), a rubber curved tool with a brush and a 4 meters long flexible hose (to easily reach any area without the need to move the vacuum cleaner), an antistatic kit and a washable TNT filter. Ideal for automotive and carwash sector.

Nonwoven fabric filter

Special rubber curved tool with brush

Cable hook

Cage bag support with floater

Special rubber crevice tool + 4 m hose

New metal trolley

Antistatic device
