

## Model C120

82.07.1200

RONDA® C120 wet filter/coarse filter

82.07.1201

RONDA® C120 is a strong suction unit to be used together with the popular MGB 120 refuse collection container. The adapter of RONDA® C120 closes tightly to the container and is held by two solid metal clips. The all-in-one machine has an enormous collection capacity, and you can dispose of the material collected as a part of the existing waste handling. RONDA® C120 replaces the broom and dustpan in the industrial cleaning and can be used in workshops, production buildings, factories, warehouses and everywhere, where there is a need for collection of large quantities of materials. RONDA® C120 does not take up extra room and can therefore be at your disposal all the time. If large pieces of waste are to be collected, you can remove the compact and light suction unit and throw the waste direct into the container.

(Is delivered without refuse collection container)

### TECHNICAL DATA

By pass motor	1200 W
Voltage	230 V
Power outlet, max.	- W
<b>Data of the installed motor:</b>	
- Vacuum, max. (per motor)	2450 mmWC
	24 kPa
- Air flow, max. (per motor)	58 l/sec.
	209 m <sup>3</sup> /h
Noise level (ISO 11201)	<70 dB(A)
* Suction power, max. ((P2) baseret på IEC 60312)	353 W
Collection capacity (bag/container)	-90 l
Pre-filter	0.35 m <sup>2</sup>
HEPA-filter	- m <sup>2</sup>
Height	1270 mm
Width	500 mm
Length/depth	500 mm
Weight without accessories	11.5 kg
Container coupling	ø 50 mm
Length of supply cable	8 m
Weight incl. MGB 120 container	22 kg

\* Data of the vacuum cleaner with 4 m ø 38 mm hose

- Very large collection capacity
- Easy disposal of the material collected
- Large range of filters
- Flexible waste handling
- Low noise level
- Direct collection in the refuse collection container

## Model C120

### STANDARD ACCESSORIES:

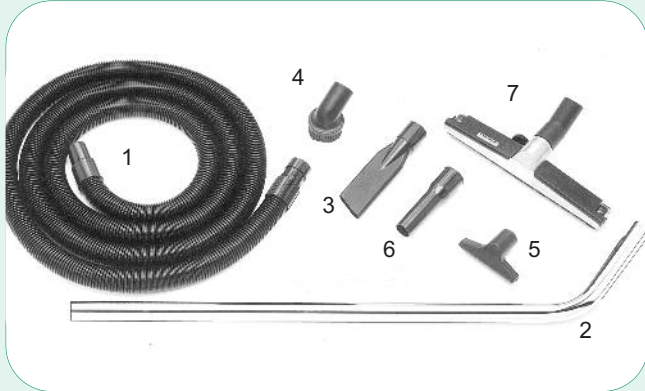

#### 40 mm professional's set . . . . .80.33.4017

- 1 Plastic hose, ø 38 mm, 4 m. . . . .84.54.3809
- 2 Complete tube with bend . . . . .80.52.2160
- 3 Crevice nozzle . . . . .80.34.4000
- 4 Dusting brush . . . . .80.34.4001
- 5 Upholstery nozzle . . . . .80.34.3604
- 6 Plastic adapter . . . . .80.34.4002
- 7 All-purpose floor nozzle B-370 . . . . .84.38.3620

### STANDARD FILTERS:

- 1 Standard filter . . . . .84.67.1035
- 2 Wet filter . . . . .84.67.4035

In addition to the above RONDA® C120 is offered with a wide range of special filters for liquid, fine dust and mixed materials

### OPTIONAL EXTRAS:

- 1 Micro prefilter . . . . .84.67.2035
- 2 Teflon filter . . . . .84.67.1138
